July 29, 2022

Dear Adrien,

The Honorable Pete Sessions is a longtime American public servant with a focus on international relationships. As a senior House of Representatives Member of Congress representing great Americans across Central Texas, he continually seeks to find ways for the United States to reaffirm American leadership in the world. Pete has entrusted the P3 Network to oversee his Congressional Technical Working Group and engage with international movers on his behalf. Representative Sessions fully backs the P3 Network's efforts in hosting international roundtables to discuss crypto legislation with eyes locked on developing a network that will merge the gap between the public and private sectors.

As the former Chairman of the House Committee on Rules and current ranking member on the House Committee on Financial Services, Representative Sessions is not only familiar, but also active as one of the biggest advocates for bipartisan thought leadership. Representative Sessions is well-known for working across aisles to produce the best policy. Due to this background and prestige, it is with the highest respect and honor that the P3 Network welcomes the opportunity to be endorsed by Pete Sessions and work in partnership with him.

Pete Sessions made the following remarks on his working relationship with the P3 Network:

*"The P3 Network is a global collaboration bridging the gap between the private and public sectors, benefiting people around the world. The initiative helps drive entrepreneurship, innovation, and establish American exceptionalism on the world stage. I wholeheartedly support this mission, and its endeavors to be a convening force, pushing policy that benefits people and advances the industry,"* said **Congressman Pete Sessions**.

“Congressman Sessions has been a unifying voice in Congress on laws and rules most important to the fate of the country and its people, it is with utmost respect and honor to work with his team to build a global dialogue that will ultimately enhance American prestige and leadership in innovation and technology.” - Adrien Yule, Chief Customer Officer of the P3 Network”

Both Pete Sessions and the P3 Network see a bright future in crypto— although still in its infancy. Their partnership aims to help grow, build, and legitimize the industry. Ethos linked arm and arm, they both seek to purposely build a network of partnerships that can aid in shaping better policy around the world.

More exciting news to come in the MENA and LATAM region to promote American innovation in developing regions of the world.
